

1. What is GTPL TV Key?

GTPL TV Key Cloud is a unique, simple, effective and **industry-first** cloud-based product launched by GTPL in association with Samsung and Nagra. It provides access to linear TV channels directly on your Samsung Smart TV without the need of installing Set-Top-boxes, additional cables or remote controls. What's more, it does not consume data since channels are not streaming over the internet, they are being delivered to your TV through the cable!

2. What are the salient features of GTPL TV Key?

Key features of the GTPL TV Key are :-

- a. Access to Linear TV channels without Set-Top-Box.
- b. No additional installation of wires/cables required. All you need is one cable TV wire connected to your TV.
- c. The Samsung TV remote is all you need to access Live TV Channels
- d. Access to 900+ TV Channels on GTPL Platform – you have the flexibility to choose any GTPL recommended pack, any broadcaster bouquet or any a-la-carte channel of your choice.
- e. Access to GTPL Live TV on your mobile device through GTPL Buzz App*

3. Is GTPL TV Key available with all Samsung Smart TVs?

GTPL TV Key is currently available on the Samsung Smart TVs launched in 2023. The list of current compatible models is available on the link -
